

Polarized Tints

Unlimited Color for Polarized Lenses

VISION EASE
Venue

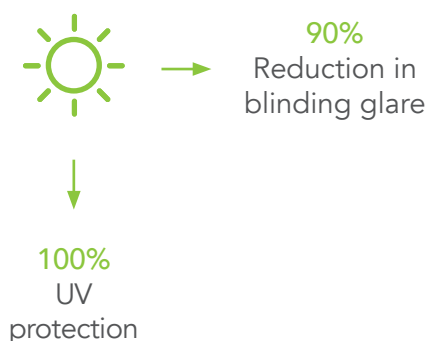

Every fashion conversation begins with color!

Color excites, ignites and stimulates the senses, creating endless possibilities for a consumer to invent themselves. Color defines the mood and attitude of each season and with today's fashion changing so fast, offering more color choices has never been more important.

Now you can offer your customer unlimited color choices for Polarized Lenses.

New VISION EASE Polarized Tints bring you unmatched flexibility to consumers who want more color choices in their sun lenses. Whether they want color for fashion or a specific activity, VISION EASE Polarized Tints will help improve your business results.
